

REMARKS

Claim 13 has been cancelled. This cancellation is intended to secure timely protection for the allowed subject matter and does not represent a concession regarding the patentability of the cancelled subject matter. In particular, Applicants dispute the obviousness of the proposed combination. However, as the issue is moot in view of the cancellation, the grounds for traversal are not detailed herein.

In Claim 1 at line 9, if the examiner would prefer "indicating" instead of "indicates", he is authorized to make the change by examiner's amendment.

All remaining claims (1-4 and 7-10) have been allowed. Accordingly, it is respectfully submitted that the application is in condition for allowance, which allowance is respectfully requested.

Respectfully submitted
